

How to Set Up Account Alerts:

1. Log in to your Online Banking account online or through the Mobile App.
2. Click on the Alerts tab (located in the drop-down menu of the Mobile App).
3. Add a cell phone number if you want to receive text messages.
 - You will receive a 6-digit code via text message to validate your cell phone number.
4. After selecting the alerts you wish to receive, click Save.

**Alerts can be received 24/7, which is the default setting. You can limit this by clicking change and inputting a time frame during the day when you want to receive them.*
